../../utility/header
/commonTypes.h

string

```
graph TD; A["src/smart_maintenance_suite/header/smart_maintenance_suite.h"] --> B["../../utility/header/commonTypes.h"]; A --> C["string"]
```

The diagram illustrates the dependencies of the header file `src/smart_maintenance_suite/header/smart_maintenance_suite.h`. Two blue arrows originate from the bottom of the top box and point to the boxes below. The left arrow points to `../../utility/header/commonTypes.h`, and the right arrow points to `string`.
